The collaboration with Mezzo Hotel and Business is a real pleasure for an enterprising firm as Reca Belux.

On regular basis we organize meetings and workshops @ Mezzo. The reservation of a location is done in a blink of an eye. Send your request and within 30 min. you get a response and the meeting room is booked.

In case of a full day meeting, Mezzo will suggest their lunch options. Coffee and snacks are presented in the Atrium. The meeting room is equipped with flipchart, screen/beamer and fridge with soft drinks. The airco and ventilation system increase the comfort even more.

For a careless meeting, event or workshop, just send a simple email to info@mezzo.eu

Last but not least there is a very welcoming, friendly and caring staff, even during these strange times.
